SUBJECT: LETTER OF ACCOMPLISHMENT

Dear Ma'am/Sir, Greetings of Peace!

In connect to my request from Loan Officer to Acting Branch Manager, here are my accomplished task for (8) months as Loan Officer. In my first branch here at B027 Carmen, I handle 159 active clients and no delinquent.

Delinquent Clients
In my (8) months in operation as Loan Officer I make sure my group meetings is safety. I carefully select clients because some applicants are breaking the rules and policy. I experience having trouble with some clients like they dump me some trash or having fight with me. Yet, I still I stay and always put in my mind that not all the time they act like that, now my clients are responsible of their debt.

Pending Clients
We encounter delay of releases due to lack of fund and we have new members who wants to apply as borrower. We as a team here in our branch we manage to lessen our pending by doing some strategies like having schedules and target release,

My Supervisors and Managers
I am responsible as a Loan Officers I always follow and obey my superiors. I assure that every time they give as a task I do right away without murmuring. I accomplish it on time since I start my working journey here in our company.

With this, I am hoping that the management will given me full consideration for positive approval of my request.

Thank you and Godbless,

Truly yours,

Joed S. Dairo
Loan officer
