Subject: Recommendation for promotion as Full Status Area Manager

I am writing to formally recommend Mr. Vengie C. Calingasan for promotion to full status as Area Manager. He previously served as the Acting Area Manager of Batangas II for six (6) months, from August to January, where he demonstrated strong leadership, commitment, and effective management skills. Due to his performance and capability, he was transferred to Camarines Sur I in February and has continued serving as Acting Area Manager up to the present.

Throughout his tenure, Mr. Calingasan has consistently shown dedication, strong leadership, and reliable performance in handling his responsibilities. As of the latest report, he is managing 2,701 clients with a manageable sit-down rate, reflecting his effective oversight and client management skills. His ability to lead and guide his team is evident in the way he supervises branch operations and ensures the proper implementation of company policies.

Mr. Calingasan consistently monitors the performance of the branches under his supervision, proactively addresses concerns, and supports his staff in achieving targets and compliance. His hands-on leadership style, accountability, and commitment to operational excellence have contributed significantly to the improvement and stability of his assigned areas.

I believe that granting him full status as Area Manager will further motivate him and enhance his capacity to contribute meaningfully to the organization's growth and success.

Thank you for considering this recommendation.

Sincerely yours,

Roland B. Patiag
RM-BICOL II

Sir,
Recommended for promotion
as full status Area Manager
effective June 1, 2026.

Thank you

Christopher M. Evalle

Subject: Performance Evaluation as Acting Area Manager

I am writing to formally evaluate the performance of Mr Vengie C. Calingasan, who has been serving as the Acting Area Manager for Camarines Sur I since February 2026.

Upon assuming the role, He took over an area with approximately 1936 clients. During the initial transition, there was a temporary decline in client numbers due to operational issues in the branches under her supervision. Despite these challenges, he demonstrated resilience and strong leadership, taking full accountability and implementing immediate corrective measures.

As of this writing, the number of clients in his area has increased to 2,701, with minimal client sit-downs. This growth reflects his strategic approach and commitment to improving branch operations. He consistently provides guidance and close monitoring to the branches under her management. His ability to address concerns and resolve issues promptly has significantly contributed to the recovery and development of the area.

Throughout her tenure as Acting Area Manager, Mr. Vengie C. Calingasan has exemplified the qualities of a capable and proactive leader. His performance indicates a high potential for further contributions, and I am confident that he is well-deserving of a full appointment as Area Manager. Granting her full status will encourage continued growth and enhance his performance even further.

Respectfully yours,

Roland B. Patiag
